Approved For Release 2006/12/15 : CIA-RDP75B00380R000400120067-6

CONFIDENTIAL

12. [redacted] Roberta Jones, USIA, called to discuss the status of S. Con. Res. 23, establishing a joint congressional committee dealing with information and intelligence activities. I told her that as far as we knew the resolution was inactive and had been referred to the Senate Armed Services Committee and we had not yet received a request from that Committee for our comments. Jones said they had not received a request for comments either. 25X1

13. [redacted] [redacted] OPPB, called to clear a proposed reply from Roy Ash, Director, Office of Management and Budget, to presumably the Asian and Pacific Affairs Subcommittee of House Foreign Affairs, on a question from Representative Louis Stokes (D., Ohio) on the number of CIA employees in Cambodia. The reply would state to the effect that the information was classified but is available to the Agency's four oversight committees. [redacted] Chief, EA, agreed to this general formulation and possibly a direct followup by us to make sure that our position is understood and of our willingness to be as cooperative as possible. Frank Slatinshek, Chief Counsel, House Armed Services Committee, agreed on a "don't quote me" basis that we should indicate that this information is highly sensitive and as a matter of policy not made public but is available to the oversight committees. 25X1 25X1 25X1
